Check # _____ Received by (staff initials): _____

Project Name: _____

Location: Section _____, Town of _____ Permit # _____

This memo shall serve as a receipt for the above noted Financial Guarantee and as an agreement of the purpose and conditions for release by Waukesha County (herein referred to as the "County").

Authority.

The authority of the County to collect and hold this Financial Guarantee is stated in Chapter 11, Section 4 of the Waukesha County Code of Ordinances – Construction Site Erosion Control and Stormwater Management (herein referred to as the "Ordinance").

Purpose.

The purpose of this Financial Guarantee is to ensure compliance with the Ordinance and the terms and conditions of an Erosion Control and Stormwater Management Permit issued for the above noted project and location.

Conditions For Release.

Terms for release of the Financial Guarantee shall include all of the following:

1. Construction Certification. On the attached County form, a professional engineer licensed in Wisconsin shall certify that construction of all stormwater management practices comply with the approved plans and the technical standards of the County. "As-built" plans shall be submitted for stormwater management practices showing actual location, elevations, materials, construction methods and other items as deemed necessary by the County to determine compliance. Any changes may require the submittal of additional design documentation.
2. Maintenance Agreement. A copy of an approved maintenance agreement for all stormwater management practices associated with this project must be provided to the County. The agreement shall be stamped by the Waukesha County Register of Deeds, showing that it has been recorded for all applicable properties.
3. Final Inspection. The County shall complete a final inspection of the property and certify compliance with the permit and the Ordinance. Compliance cannot be certified until the site is "stabilized", which by ordinance definition means *"that vegetation is well established or other surfacing material is in place and the risk of further soil erosion is minimal."*

If the County should use any portion of the Financial Guarantee to complete permit activities, due to default or improper action by the permit holder, the County shall withhold any amounts owed for this work, in accordance with the Ordinance.
